

2019 PREVEGAS IFL ATTENDEE POWER RANKINGS

WHAT A TOUGH LIST TO SIT DOWN AND WRITEUP. THE TOP FEW SPOTS ARE TOSS UPS, THE MIDDLE BATCH JUST AS IMPORTANT AND POWERFUL, BUT THEN WE FALL OFF HARD. ATTENDING VEGAS IS ONE PART, BUT BEING SPONTANEOUS AND FUN PART OF VEGAS IS ANOTHER. THE ORIGINAL CREW GETS A NATURAL POWER BUMP IN THE RANKINGS, REPEAT VEGAS OWNERS DO AS WELL. THOSE WHO BROUGHT SWAG, BROUGHT HEAT, BROUGHT THEIR SWAGGER TO VEGAS GET A BUMP. IF WE HAD FUN WITH YOU OR AS A RESULT OF YOU, YOU GET A BUMP. BUT IF YOU WERE NOT GETTING HAMMERED ENOUGH, YOU WERE NOT GETTING HYPED ENOUGH, WELL THAT'S NEGATIVE POINTS! ENJOY THE WRITEUP, GO ON GIT!

RANK	PLAYER	COMMENT
31	INDY DOLTS 	An IFL champ at 31st, yupp. I am not sure anything is worse than this guy. Wins the league, still won't go to Vegas. 3 times now this key player in our league ghosts us for Vegas. Why? He doesn't own his own pants. He gleefully admits to the idea that he is not trusted enough to go to Vegas. How sad is this? The most whipped ass punk I know even gets to go to Vegas, Maff. What is the opposite of sharia law, where the women are the main thing? Who knows, but it's going on at Erik's house. What a shame.
30	CORSHAME 	This one is on the IFL. This guy comes into the league and has the chance for 2x Vegas, nope, none. Well why is it 'your fault IFL?' Well because he wrote this on his application to IFL, he said he would never attend Vegas, and you all voted him in. Shame. He is basically Carlos or Erik, that is not who you want to be on this list! Sad for you Kory, also fuck your excuses too! He has quickly made a turnabout on this idea but guess what, until he is on his way, this guy is in the 30's.
29	AINTS 	Carlos should check in to the league more often, he should talk more shit or otherwise commune with the IFL and he should fly his fucking ass to Las Vegas for 2020. Hey at least he has produced some content for the event.
28	GINGER 	Why are the Chargers the 28th team? He surprise showed for Vegas 2017 and has a classic story of wasting great beer and being the fastest passout in IFL Vegas history. Epic. How can he be 30th? If you can't back up that type of performance with a follow up, you are The One Hit Wonder, and perhaps should be lower, especially after continuing to feed Marf.

- 27 **WASHINGTON DAN**  This mug has tried his ass off to get to Vegas this year. Shit, EVEN HIS soon to be WIFE, tried her ass off to get him here, no shit. DO YOU READ THAT ERIK?? Can't wait to meet Dan in 2020.
- 26 **OLD GREGG**  We would be lying if we said there wasn't tons of talk about the old man's arrival to Vegas. TEAM CHIT is in hopes that some one on one time will loosen that fun side of Craig up a bit. Please lord, let that be true.
- 25 **BUFFALO TRAVIS**  It was really chittay for us to have to put Travis so far down this list but we understand, school, yada yada. Anyway, he says he is coming this year.
- 24 **CANDY**  How this guy ranks above our beloved Travis is simply due to the idea that Candy is constantly in Vegas channel, now his input may be shit, such as "Let's play Dungeons and Dragons Expanded Universe Edition that includes Hello Kitty Hello World map pack." but he is ever present and excited to be a Vegas attendee.
- 23 **DANDY**  Dandy coming in at a hot 23, despite TEAM CHIT knowing that this guy is going to be a nutcase in Vegas. Here is what we know, when he asked his wife if he could go, she asked for how long, Dave replied with '3 days' and his wife said, "Shucks can they draft for 30 days?" As part of the seltzer crew, there is high expectations on him...
- 22 **TURF**  This woman proved a lot last year. Her ranking should be higher but this is Chittay and Vegas demands proof. She gets a lot of credit for 2018 attendance, she gets even more credit for continuing in the league after meeting 20 of us. She gets dinged on her 2018 performance though, and she knows why, if you don't seek out the actual weed sherpas, you gonna get what you get. Now she is swearing it off. So not only does she lose a spot or two but the crew of guys who made weed her enemy also get knocked!
- 21 **JAIF**  Jai is our spirit animal over here in the AFC and his spirit does not bode well for making a top 10 in this power ranking. Jai gets dinged for not loving his fat bod and going full tilt into the aquatics events of 2018. Jai has a lot to prove in 2019, first he has been working out. As he states it, "I began working out just after seeing Berrie and Matt naked during our slumber party in 18. I felt it was time to harden up my man tits and force Barry to be the bottom in our 3some at Vegas." Wow, well, the man has a plan.

20 TIGERBALM

Danny falls into the middle of the power ranking pack here. 2018 was his first visit and he was vital in night 1 heroics with an In N Out to the house delivery. Jai gets a boost there too. But this guy could have come out of 2018 as a potential top 10 guy but his chill demeanor and his lack of in your face excitement during Vegas 2018 (where was morning PT drills?) causes him to slip here. We really need to see a night where this active soldier gets a bit ripped apart. Can that even happen?

19 FLOD

"HOW IS THIS GUY RANKED ABOVE PEOPLE GOING THIS YEAR?" Well that's a good question, FLOD presence not only announced itself, it lingers. On one hand, Flod has bailed on Vegas. The reasons, aka excuses, for not attending have something to do with bad planning and poor partnerships (fuck you Joe). On the other hand, Flod, not in Vegas, will probably be more fun and exciting than some of the guys in Vegas! Woof if you are below Flod here!!! Time to step up in 2019 and end in the power rankings above #noshowFlod.

18 DR EVIL

Ah man, Team Chit really loves the EG crew but their soft smiles, calm demeanors and lack of consumption in the following areas: alcohol, drugs, Dean's man goo has really set them all back. We look forward to this year where Spencer has his spirit animal, Frodo, to guide him through the event.

17 DR. ACHILLES

Huge expectations for 2019 with this guy. 2018 was solid and he was a funny guy all weekend long. But we need more! Now, to be fair to Nate, he didn't have all the tools he needed in 2018 to be the Nate we know and love. 2019 though, he has his favorite guy in attendance and the shitshow will be lighting up the rando sky! We all know I'm not talking about anyone other than Josh.yards!

16 JASON

You know when you totally dig a person but they are one of those sleeper cell types? Yeah that is Jason. Was he there, yupp, was he available for some chit chat and some fun, sure. Did he bring it? No. Not at all. JFC himself couldn't bring this guy out of his shell, but I have it on insider word that he is planning on 2019 being the year we all leave and say, "Wow that is one crazy mother fucker Canada has to deal with!"

15 DJ

DJ has given and given and given to Vegas and yet here he is, below dick suckin Dean. How did this happen? Simply put, he should have let Kyle and Matt finish!

- 14 **DEAN THE DISHGUY**  If you rank below this level, you are going to need to sit back and ask yourself one question, "Do I need to offer more blowjobs and blowquotes to Vegas attendees?" Dean came hot and heavy for Vegas, produced some killer content and was all in for all events and fun.
- 13 **BACKYARD WILL**  How can the surprise guest of 2018 not get a standing O from the power rankings crew and jump even some 3 term Vegas veterans. Not only did the guy show up in khackis and a Hawks polo, but he chugged and drugged his way to a prominent role in the fun in the 2018 house. He drops a few points for having bought the house dinner 3 nights in a row but never making sure Chittay was taken care of. Maybe he makes up for that this year????
- 12 **SHIT FRANSHTSCO**  Some will be amazed that Josh sits so high up this ladder, we at Team Chit are not. This guy is the frankenmonster we need at Vegas. Was he missed in 2018, now that is hard to answer, BUT sure we missed him! His self relegatd purgatory is over and it will be our mission at Team Chit to unite Josh with every half left over beer you monsters leave behind.
- 11 **WADE**  Wade sat himself out of 2018 for complications of life and job. He was an integral part of the smoker's club of 2017 and we welcome back Wade with open arms. His lead role as FullBack for the IFLlympics has pretty much been set in stone. Speaking of stoned, we here Wade is keistering his home grown for those of us who love the stuff, this is above nad beyond! This will be Wade's 2nd Vegas.
- 10 **TAMPA**  TB sliding all the way down to 10 really shocked TEAM CHIT in this ranking. This guy came hard and did one of the best pieces of content the league has ever created in 2017 with the draft show. But this list is about honesty, and you know what, Luke is a little bit more lurker than we all thought. He is more than happy sitting and watching "crazy, old white dudes" get after it in Vegas. Well Luke, here's he deal, we have not had one epic Luke meltdown in Vegas yet, and you know what? That's fucked. We don't only deserve that, but you owe it!

9

STRABERRIE

This is the hardest one to rank, we loathe the Berrie but love the Gaped Crusader. We love the in person Berrie but can't stand the Slack Gaper. What does one do? Well we go back to 2017 wherein Berrie was pretty fun, and brought us the saving of lives in 2017 by way of chicken tenders. RIP BRIAN. Speaking of Brian, if Brian shows up in 2019, with Berrie, Barie will hit the top 3 in the Chittay Vegas Power Rankings. Done. Now, we all agree, 2018 Berrie was not peak Barry, like as in Peak Barry in High School, when Barry peaked. No, we are talking about a lethargic and inflexible Bery. We hope he brings it in 2019.

8

DESERT TORTOISE

As you will see, 8 is not 8 without 7. Nils' amazing runway performance during '18 would have been nothing without the stylist Ni giving Nils his most important gift, the G-string. Sure, sure we all try to remember Nils meandering around the desert like a tortoise but the real story was that guy dropped his balls on everyone's Madden face, he stood tall in the face of untold amounts of purple drank from PISOs and he gave us the video and pictures to prove that we are all a little gay for his smooth white ass.

7

MANATEE

8 and 7 are tied together. Now Ni gets the extra point nods for bringing incredible swag year 2, and for being present 1 of 3 days in 2017. They are tied together because 8 would not be 8 without the schwag of 7. So yes, while manatee Ni gets downgraded for his betrayal of the group by harboring a shitbird in his closet, he still comes in the top ten due to an epic gift for us all.

6

KYLIE

This was very tough for our crew to rank. Who is Kylie? He is our Mountain to Matt's Hound. Kyle is the choker of midgets and small people world wide. Kyle is the bartender who didn't do enough shakeweight workouts before 2018. he sank to the bottom of the pool and set an all time mammal underwater record. He donned a Rams koozie all weekend long, further cementing his #1 Rams Fan status. The guy made Flod schlep a trunk load of booze and he tirelessly shakeweighted his way to some damn tasty margaritas. Don't sleep on Kylies vegas food suggestions! And don't forget to get your wiki whacked at the Tiki Lounge.

5

SHITBIRD

Matt has been an epic piece to Vegas. His enthusiasm and ridiculous self-awareness means he is a shitshow at all times. "Where's Matt?" In a closet, in a ditch, off a ledge, yelling for no reason, getting choked by Kyle, making Josh's insides die for 2 years, but most important, this moron drops the heat predraft 2 years straight and set the tone for an epic IFL day. Fuck Matt's Face.

4

NE MARF

You alright? Yeah mate, he's alright. When it comes to Vegas this geezer is flash. Not only did this dude remote into 2017 draft and do a show for 18 freaking hours, but in year 2 he flies an ungodly 14 hours or some shit just to sleep in a room with a private bathroom that 20 of us decided to use 2 times a day. Besides Mark making a mug of Turf by forcing weed down her wind pipes, Marf has been a staple of the IFL and the IFL draft content. Last year this guy MCing the draft and calling out picks was awesome. Sure he looked as if death walked over him, but the bloke partied on and closed! Cheers mate!

3

LURKER

Brian was instrumental to 2017, he was ever present in 2018. He lurked during poker, he lurked in the pool, he lurked during the drafts, he lurked on the couch, he lurked right behind you, he lurked while Kyle was trying to kill Matt, well actually he smirked and lurked. And that right there is the lesson for everyone, this guy really came out of his shell. He was just a lurker, but 2017 and then confirmed in 2018, this guy is the absolute lurk & smirk of Vegas 2019. As cocaptain of #TeamSeltzer he has taken on a crew of wild-seltzer-drinking morons as his own in 2019, good luck to you sir! Oh, and the guy has helped pump out content like a champ for Vegas' while also not being a guy "closing on the couch" or "closing on the bathroom floor" or "closing in your own room at 7pm on the 1st night". Cheers to #3!

2

CHITTAY

We are all on TEAM CHIT in Vegas! Wether it is the passive aggressive replies to requests for help, or it is the condescending tones he uses about people who don't commit, who knows, but what we do know, CHITTAY is a staple of Vegas and we love it. His high ranking can be partially explained by swimshirts and nearly a thousand dollar spending limit on weed at Pisos but what we do know is his commitment to the event is 2nd to none. His 2nd place here is a nod to the effort of TEAM CHIT and those who support him.

1

MIAMI BRAF

It may be a surprise that the Chittay Vegas Power Ranking is not led by Chittay but listen, Chittay is a team, Team Chit. Miami is instrumental in Team Chit and he was the one who triggered 2017 Vegas. I think it went like this, "Hey Chit, we need to get Vegas going." That was all it took, Team Chit mounted up, rode out and booked flights and started the Vegas IFL Pump. Along with Dallas, Team Chit set forth the Vegas IFL, along with all who attended, of course! It's almost as though Braf is the Buzz Aldrin of the IFL Vegas Draf. He got the extra points to take first place for his 2017 Draft Day appearance, his 2017 post-draft-passout-wake-up-reject-passout-again performance and his volumous amount of content and work to produce the best annual event any league I have ever been in has. Let the dick slobbering stop here!
